

Subject: By means of a change the motorglider GROB G 109B may be equipped with a noise reducing exhaust system.

Concerned: GROB G 109B motorgliders as of s/n 6200

Urgency: optional

Action: Installation of exhaust system 109B-6609 (or 109B-6609/1) according to Installation Instructions No. 817-26.

Material: - Installation Instructions No. 817-26
- Parts according to Installation Instructions

Weight and Balance: After installation empty weight and empty weight C.G. should be determined again.

Remarks: The installation may be executed within maintenance. Correct execution of the installation has to be certified into the logbook and into an inspection certificate by an authorized inspector.
A noise certificate is to be requested from the national aviation authority (if required).

Mattsies, 12 December 1989

LBA approved
