

Technical Information  
TM 4601-3

Aircraft  
Engine  
GROB 2500

**Subject:** The motorglider engine GROB 2500 E 1 can be subsequently equipped with a vacuum pump with a modification. It then receives the designation GROB 2500 E1/V.

**Effectivity:** Engines of the above series as of s/n 001.

**Urgency:** None

**Instructions:**

1. Modification according to "Instructions for modification to TM 4601-3."
2. Exchange pages 3, 5a, 16, 21, 21a and 32 of the operations manual.

**Weight and Balance:** Increase of the weight by approx. 2,5 daN.

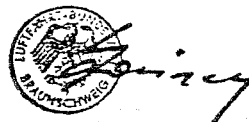

**Remarks:** The modification may be carried out at the manufacturer or at an aviation work-shop authorized by the manufacturer. The proper execution has to be certified in the log-book.
